PORTS IN THE FIGHT AGAINST COVID-19

<https://unctad.org/en/Pages/coronavirus.aspx>

Coronavirus (COVID-19) : News, Analysis and Resources

UNCTAD is monitoring the effects of the global pandemic on manufacturing, trade, foreign direct investment and economic growth.

We stand ready to provide [technical assistance](#) that can help countries mitigate or recover from the economic impacts of COVID-19.

Analysis and Resources

The COVID-19 Pandemic and the Blue Economy:

The need to protect science, technology and innovation funding

Investment Policy Monitor: Special Issue - Investment Policy Responses

COVID-19: UN calls on governments to help landlocked neighbours

10 June 2020

Well-functioning transit transport services and procedures are essential to ensure people in landlocked developing countries have timely access to medical products and basic goods during and after the crisis.

Keep ships moving, ports open and trade flowing, urge UN entities

10 June 2020

UNCTAD and IMO call on governments to work together to facilitate crew changeover and remove unnecessary regulatory obstacles to maritime transport during and after the COVID-19 crisis.

UN to explore role of science and technology policies in COVID-19 recovery

09 June 2020

International collaboration in science, technology and innovation are pegged to drive sustainable development, but policy needs to ensure this is so.

COVID-19 offers opportunity to save our ocean

08 June 2020

The increasingly unsustainable use of marine resources for economic activities has hurt the health of our oceans, seas and coasts. Governments and businesses have the opportunity to turn the tide and make blue economy sectors more "green" in the wake of the coronavirus crisis.
